

LUCERNE OATEN BLEND CHAFF

MOISTURE CONTROLLED

60/40 Blend

A mix of 60% oaten chaff and 40% lucerne chaff, offering a balance of energy, fibre, and protein.

Dust Extracted & Moisture Controlled

Reduced risk of mould and respiratory irritation for horses and handlers.

Naturally Nutritious

Lucerne adds calcium and protein, while oaten chaff provides digestible fibre and energy.

Palatable & Easy to Digest

Encourages healthy chewing and supports digestive health.

Clean & Convenient

Ideal for stables, paddocks, or travelling, with consistent texture and quality.

REDUCED DUST

Ideal for horses in light to moderate work, those with dietary sensitivities, or as a base fibre for mixing with grains and supplements in everyday feeding routines.
